IMTHEFATBOY (FAT for short) is an award winning rapper and black illustrator born and raised in Greensboro, North Carolina.

An oddly charming sonic mix of a cup of Rick Ross, with a tablespoon of Big K.R.I.T and a dash of Little Brother.

IMTHEFATBOY started writing lyrics at the early age of ten years old as a way to express himself outwardly. "For a long time music was my journal".

IMTHEFATBOY makes music for those in touch with the human experience.
